

Student Mentoring Program

The mentoring program pairs RISHRM professionals with Bryant University, Johnson & Wales University and University of Rhode Island student chapter members who have an interest in the Human Resources field. The pairing is based on information provided by the professional and student on their profile forms. The amount of time devoted to the program depends on the professional's schedule and the student's needs.

The program could involve shadowing, career counseling, hosting the student at a RISHRM chapter meeting, or some other activity that the professional and student mutually agreed upon. RISHRM hopes to have a mentor for each student signed up for the program. If you have been looking for a way to get involved with our Chapter but have limited time available, this program will fit in easily with your schedule.

Take advantage of this opportunity to learn from an experienced HR professional!
